February's League Story: Staff Celebrating Anniversary Milestones

We would not be The League, without our amazing staff! On Thursday, January 28th, The League's team came together virtually to acknowledge staff members who are celebrating anniversary milestones with The League. Together virtually, we presented awards to 18 staff members, with milestones ranging from 5 - 35 years. The League could not do the important work that we do every day without our staff, and we were thrilled to have the opportunity to come together in celebration of our team members.

Meet Michael Sharpley – Celebrating 35 Years at The League!

Michael has been a dedicated employee with League Industries for 35 years! His commitment to his role as an Assembler allows League Industries to meet the needs of their clients, and continue their operations throughout the COVID-19 pandemic. You can learn more about League Industries [here](#).

Final Note from Our President & CEO

Dear Friends of The League,

As noted earlier in this newsletter, The League hosted our annual employee recognition awards last week. We celebrated 18 staff members who have attained milestone anniversaries in their employment at The League. These dedicated staff had work anniversaries of 5, 10, 25 or 35 years. In total, they represented 185 years of service. It was wonderful to also have about 50 fellow League colleagues to join online to celebrate their individual and group achievements.

We continue to closely monitor the public health crisis. While we are excited at the possibility of resuming in person facility operations, we will only do so once it is deemed safe by our public health experts. We are extremely hopeful Camp Greentop will be able to operate this Summer, but the safety of our participants and staff are of paramount importance.

Please be on the lookout for your invitation to *The League's Virtual Community Gathering* on March 24th. I am excited about this opportunity to connect with our constituents, and I hope you can join us for a short yet informative update on the great work that The League is doing.

Stay safe and be well.

David A. Greenberg
President & CEO
