Youth Camp

Camp Greentop’s youth camp offers campers ages 7-21 a rustic camp experience in a supportive environment. Campers sleep in historic cabins and travel with their cabin groups to traditional camp activities such as swimming, arts & crafts, nature, performing arts, music, sports & games, and more. Structured camp days include three activities in the morning and three activities in the afternoon. Each day ends with an evening program such as dance, campfire, talent show, or group games. Trained staff are available to assist in any aspect of daily care.

All-Ages Camp

Camp Greentop’s All-Ages sessions are open for campers ages 7 and up. As with the youth sessions, the daily schedule is very structured with little down time. These sessions are ideal for those adult campers who need a structured daily schedule to be successful in the camp environment. Campers participate in traditional camp activities throughout the day, and trained staff are available to assist in any aspect of daily care.

*Please note: If your adult camper requires 1:1 staffing for behavioral reasons, please choose an All-Ages session.

Adult Camp

Camp Greentop offers adult campers (ages 18 and up) the opportunity to be more independent and social by providing a more relaxed atmosphere and less structured days. Campers can choose to attend traditional camp programming on-site, or they can opt to attend some of the many day trips we offer (at an additional fee). While the abilities of our campers may vary, our camp staff assist campers in making their daily activity choices as well as modifying the activity to each camper’s individualized ability. Staff are also available to assist with any aspect of daily care.

*Please note: The League is not able to provide 1:1 staffing for behavioral needs to participants attending Adult sessions due to the nature of the program. Adult campers needing 1:1 support may attend the All-Ages sessions.

Participant Eligibility

The League’s Camping & Recreation programs are designed for children and adults who have physical, cognitive, emotional, or multiple disabilities and their families.

For **Summer Camp, Respite Weekends, and Winter Camp**, a majority of the campers will be served successfully at a 2:1 staffing ratio. 1:1 staffing support will be provided at the 1:1 tuition rate to campers receiving respite funding from the Maryland Medicaid Waiver for Children with Autism Spectrum Disorders (Autism Waiver) for their registered session. Additionally, the 1:1 ratio and accompanying 1:1 rate will apply to campers who are unable/unwilling to attend at least 70% of programs, campers who require increased staff support due to aggressive or self-injurious behaviors, campers with complex medical or physical needs, or campers who have previously been unsuccessful without this level of support, as determined by Camping & Recreation administration. The League is not able to provide 1:1 staffing for behavioral needs to participants attending Adult Camp sessions due to the nature of the program. After campers are in bed for the evening, staff are permitted to take breaks, at which time the ratio may vary up to a 6:1 camper to counselor ratio. At 12am, staff are required to return to the cabins, at which time the above mentioned ratios will resume. Overnight awake supervision is not provided during this time. Campers must be able to sleep through the night (minimum of 6 hours) with minimal assistance. Due to the fact that campers sleep in an open dormitory type setting, Camp Greentop cannot accommodate campers that are disruptive, sleep less than 6 hours, or are at risk of night time elopement.

For **League Pioneers**, all participants must be able to be successful at a 3:1 camper to counselor ratio due to the nature of the program. Due to the staffing ratios and regulatory guidelines, League Pioneer sessions cannot be billed to the Maryland Autism Waiver. After campers are in bed for the evening, staff are permitted to take breaks, at which time the League Pioneer ratio may vary up to a 10:1 camper to counselor ratio. At 12am, staff are required to return to the League Pioneer site, at which time the above mentioned ratios will resume. Overnight awake supervision is not provided during this time. Campers must be able to sleep through the night (minimum of 6 hours) with minimal assistance. Due to the fact that campers sleep in group tent setting, Camp Greentop cannot accommodate campers that are disruptive, sleep less than 6 hours, or are at risk of night time elopement. The League Pioneer program is not able to accommodate participants needing assistance with ambulation due to the uneven and rugged terrain.

Due to the nature of **Travel programs**, all participants must be able to be successful at a 3:1 camper to counselor ratio. Overnight awake supervision is not provided. Participants must also be able to be left unattended for up to 30 minutes at a time. Due to the staffing ratios and regulatory guidelines, Travel programs cannot be billed to the Maryland Autism Waiver. We are unable to provide services to travelers who are at risk of elopement or travelers with dangerous or aggressive behaviors. The League’s Travel Camp program is not able to accommodate people with complex medical needs or needs that a Registered Nurse cannot delegate to a Certified Medication Technician. Participants requiring assistance with transfers must be able to transfer with a standing pivot or must be able to be lifted comfortably by no more than two staff members. All potential travel participants will be carefully evaluated to determine if The League can provide the care required for safe participation in our programs.

The League Camping & Recreation is not able to accept campers who require intensive 24 hour medical care or who require medical procedures not easily managed in a camp environment. This is determined at the discretion of the director and/or the camp nursing staff. We are also unable to accept participants who have or need an active restraint program, who are at a high elopement risk, or who are otherwise unable to tolerate social settings. Other medical or behavioral needs may be assessed by the director as the need arises.

Camping & Recreation reserves the right to determine sending a participant home, at the participant’s expense, if a participant exhibits inappropriate behavior, is showing symptoms of illness, or is not having a successful recreational experience. This includes, but is not limited to, participants who display aggressive behaviors, causing harm to either themselves or others, that is unable to be redirected. Sending a participant home is done at the discretion of the director. In these cases, the participant’s fee will not be returned.
Health Services

For all Camping & Recreation programs, there will be staff trained in Medication Administration, CPR, and First Aid on site 24 hours per day. For League Pioneers programs, a nurse is readily accessible at all times. Travel programs will have a nurse on-call at all times. All other programs (traditional camp, weekend respites, and winter camp) will have a nurse on site for the duration of the program. There is a physician on call 24 hours per day for all programs. Emergency care will be provided as needed.

The Medical Form and Medication Form are due no later than two (2) weeks prior to your scheduled program. All medication, whether prescription or over-the-counter, must be turned in with the health center staff upon check-in. The label on medications must be current and must match what is written on the Medication Form. Please do not pack any medication in the luggage that gets dropped off at the cabin.

Health Services in our programs are limited to procedures that can be safely delivered by the staff provided. The League Camping & Recreation is not able to accept campers who require intensive 24 hour medical care or who require medical procedures not easily managed in a camp environment. This is determined at the discretion of the director and/or the camp nursing staff. Potential travel participants will be carefully evaluated to determine if their medical needs are able to be accommodated while on the trip.

Please note: Campers who are not well upon arrival at camp will be sent home. Campers are screened by our health center and cabin staff upon arrival. No camper will be admitted if, upon arrival, he or she is suffering from any skin or respiratory infection, open bed sores or any evidence of head lice. If a participant displays a temperature of 100 degrees Fahrenheit or more, they will need to leave the camp facility until they are fever-free for a minimum of 24 hours with no fever-reducing medication. If a participant exhibits multiple symptoms (i.e. vomiting, diarrhea, fever) or if symptoms are reoccurring, the participant will need to be picked up from their program until they are symptom free for a minimum of 48 hours, without the use of medication.

If the camper requires any specialized health care while at camp, please bring the necessary equipment. This includes any nebulizers, CPAP machines, g-tube supplies, etc. Also, if a Hoyer lift is used on a daily basis at home, please bring a lift with you to camp. This is to ensure not only the participant’s safety, but also the safety of the staff.

Please contact Brynna McMillan, RN if there are any questions about a participant’s specific medical needs at bmcmillan@leagueforpeople.org or 443.970.3164.
Payments

A deposit must be made prior to any camper being accepted to a camping program. The deposit is $75 per Weekend Respite program, $200 for Summer or Winter Camp, and $400 per Travel program. Deposits may come in the following forms:

- Check or money order
- Credit Card (Visa or MasterCard)
- A copy of the Plan of Care from your Autism Waiver Coordinator. This must have enough respite hours allocated to The League to cover your sessions.

When registering online, please be prepared to pay the deposit via credit card (Visa or MasterCard only). Please do NOT register online when getting full funding via other sources, such as service organizations or LISS.

Mail your final payments to The League no later than one week prior to your program for year-round programs, or by May 15 for summer programs. If your final payment or Letter of Intent for Funding is not received by The League before that time, you run the risk of losing your spot in that program. All deposits are non-refundable and non-transferable.

Cancellation/Refund Policy

Camp Programs: Participants who are unable to attend their scheduled camp program will receive a refund for tuition paid minus the deposit if notification is made with more than one week’s notice. If a cancellation is made with less than 7 days’ notice, no refund of tuition payments will be made. Campers utilizing the Autism Waiver to pay for their camp session will not be required to pay the cancellation fee, per MSDE regulations. However, The League reserves the right to discontinue future services for campers utilizing the Autism Waiver when services are repeatedly cancelled with less than 7 days’ notice. Exceptions to these rules may be made at the discretion of the director with documented proof of medical emergency.

Travel Programs: Changes or cancellations made at least 30 days prior to trip departure will receive a refund for tuition paid minus the deposit and any pre-purchased portion of the vacation package. Trips cancelled after the 30 day deadline will still require full payment. Exceptions to this rule may be made at the discretion of the director with documented proof of medical emergency. For reasons of safety, travelers may lose their space on the trip if necessary paperwork, including all medical forms, is not received by the due date. Change/cancellation penalties may apply.
