March 25, 2020

Dear Participants and Families,

I am writing with an important update about The League. Due to concerns about the Coronavirus (COVID-19) pandemic, and in accordance with guidance from State Officials, The League has put the following plan in place effective immediately:

- **The League’s three facilities (East Cold Spring Lane, Orchard Tree Lane, SCALE) will be closed for all participants/members until further notice.**
  - Specific programs that **will not be operating** include: Medical Day, Day Habilitation, MS Day, SCALE, Therapeutic Integration (TI), and the Wellness Center.
  - Specific programs that **will continue to be offered** - Community Based services including; Youth Autism Services (I ISS, Respite and Family Consultation), Personal Supports, and Employment Services. Management will be speaking with families on an individual basis to determine the desire and the ability for services to continue during this time.

- **League Industries remains open providing essential state government services.**
- **Camp Greentop has cancelled** the Disney Trip (April 14-19), and spring weekend respite programs. A decision will be made soon on Camp Greentop summer programming.

To keep informed of updated information, you can call our emergency hotline: 410-323-0500 (x305), visit our website at leagueforpeople.org, and follow The League for People with Disabilities on Facebook.

I would like to take this opportunity to thank everyone for your understanding and patience during this time as we work to make sure The League has the best plan in place for all of our staff, participants and their families, and our partners in the community. If you have any questions or concerns, please contact me.

Sincerely,

David Greenberg, President & CEO
