THE LEAGUE

# 2020 #OMGFOOD, *A Virtual Experience*

## About The League

The League for People with Disabilities is committed to offering individuals the opportunity to gain independence, increase self-sufficiency and to improve the quality of life. The League provides an array of programs and services to children and adults with physical, cognitive and developmental disabilities.

During the COVID-19 pandemic, The League has adjusted the way in which we continue to meet the needs of our vulnerable participants in services. Our staff continue on the front line as they provide in home autism services, workforce development programs and much more. The League has also transitioned the majority of our programing to be provided virtually, through League University.

## About the Event

Due to the COVID-19 pandemic, we are unsure of how to proceed with future in person events at this time. Until then, we are taking our events virtual, and kicking this off with the 2020 #OMGFOOD, *A Virtual Experience* event!

Join us for a unique virtual event experience! Our virtual guests will enjoy a delivered meal kit or prepared dinner by La Cuchara, dessert, wine, cooking swag, access to an online cooking demonstration, and access to live music. The event will also feature an online auction. All proceeds benefit The League for People with Disabilities.
